HAWKER COLLEGE
A COMMUNITY OF LEARNING

Tuggeranong Town Park Redevelopment

Proposed Master Plan

By The Hawker Design Team

Theme

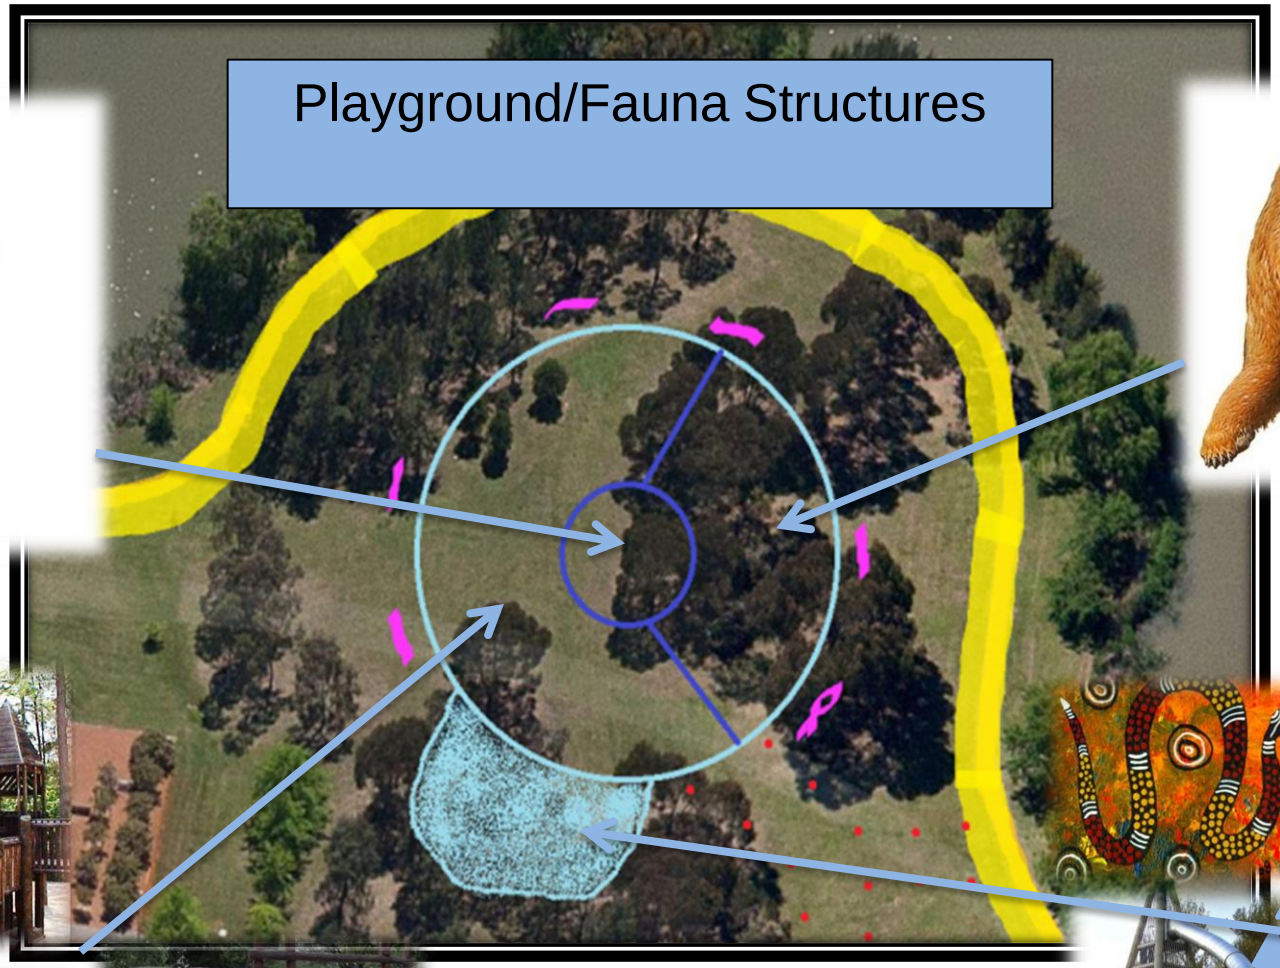
Connecting Tuggeranong to its history as a community and as a part of the Australia as a whole to educate and provide space for personal and recreational activities.

Concepts

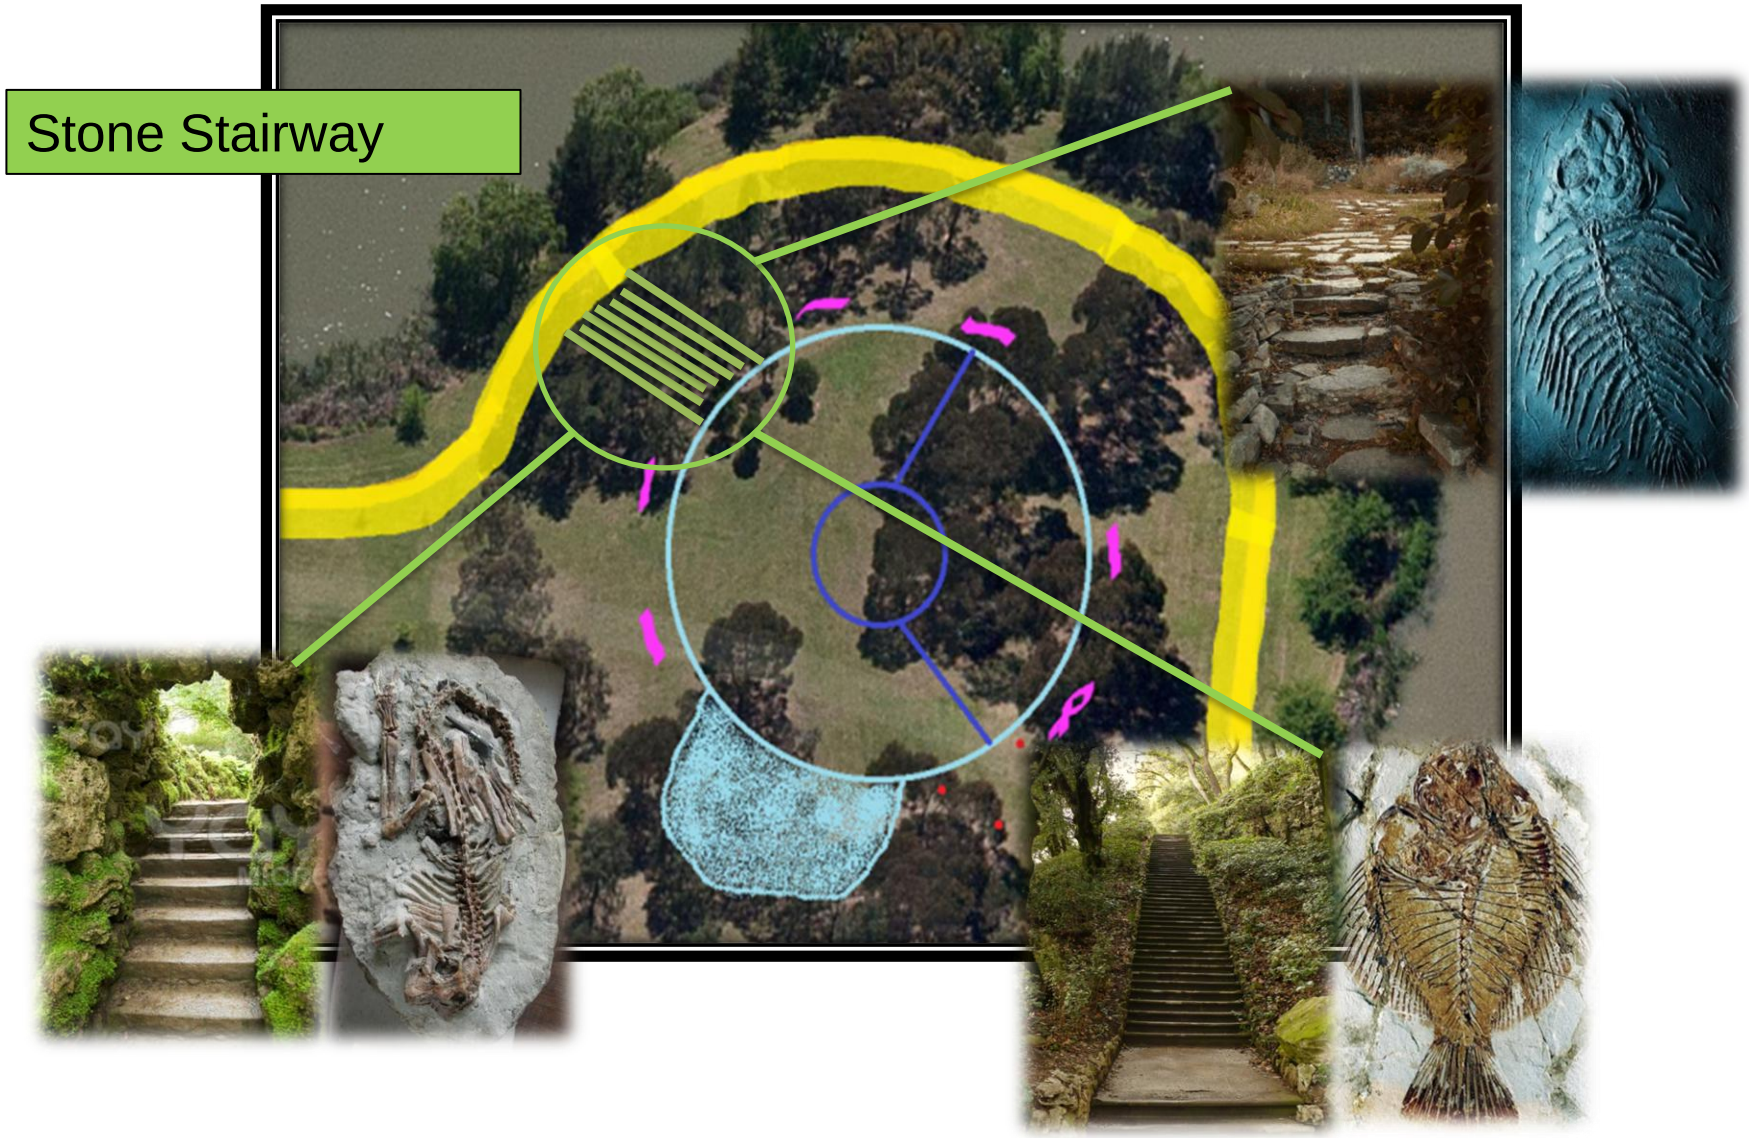
- Recreation
- Entertainment
- Education
- Cultures
- Communication

Prehistory and Indigenous

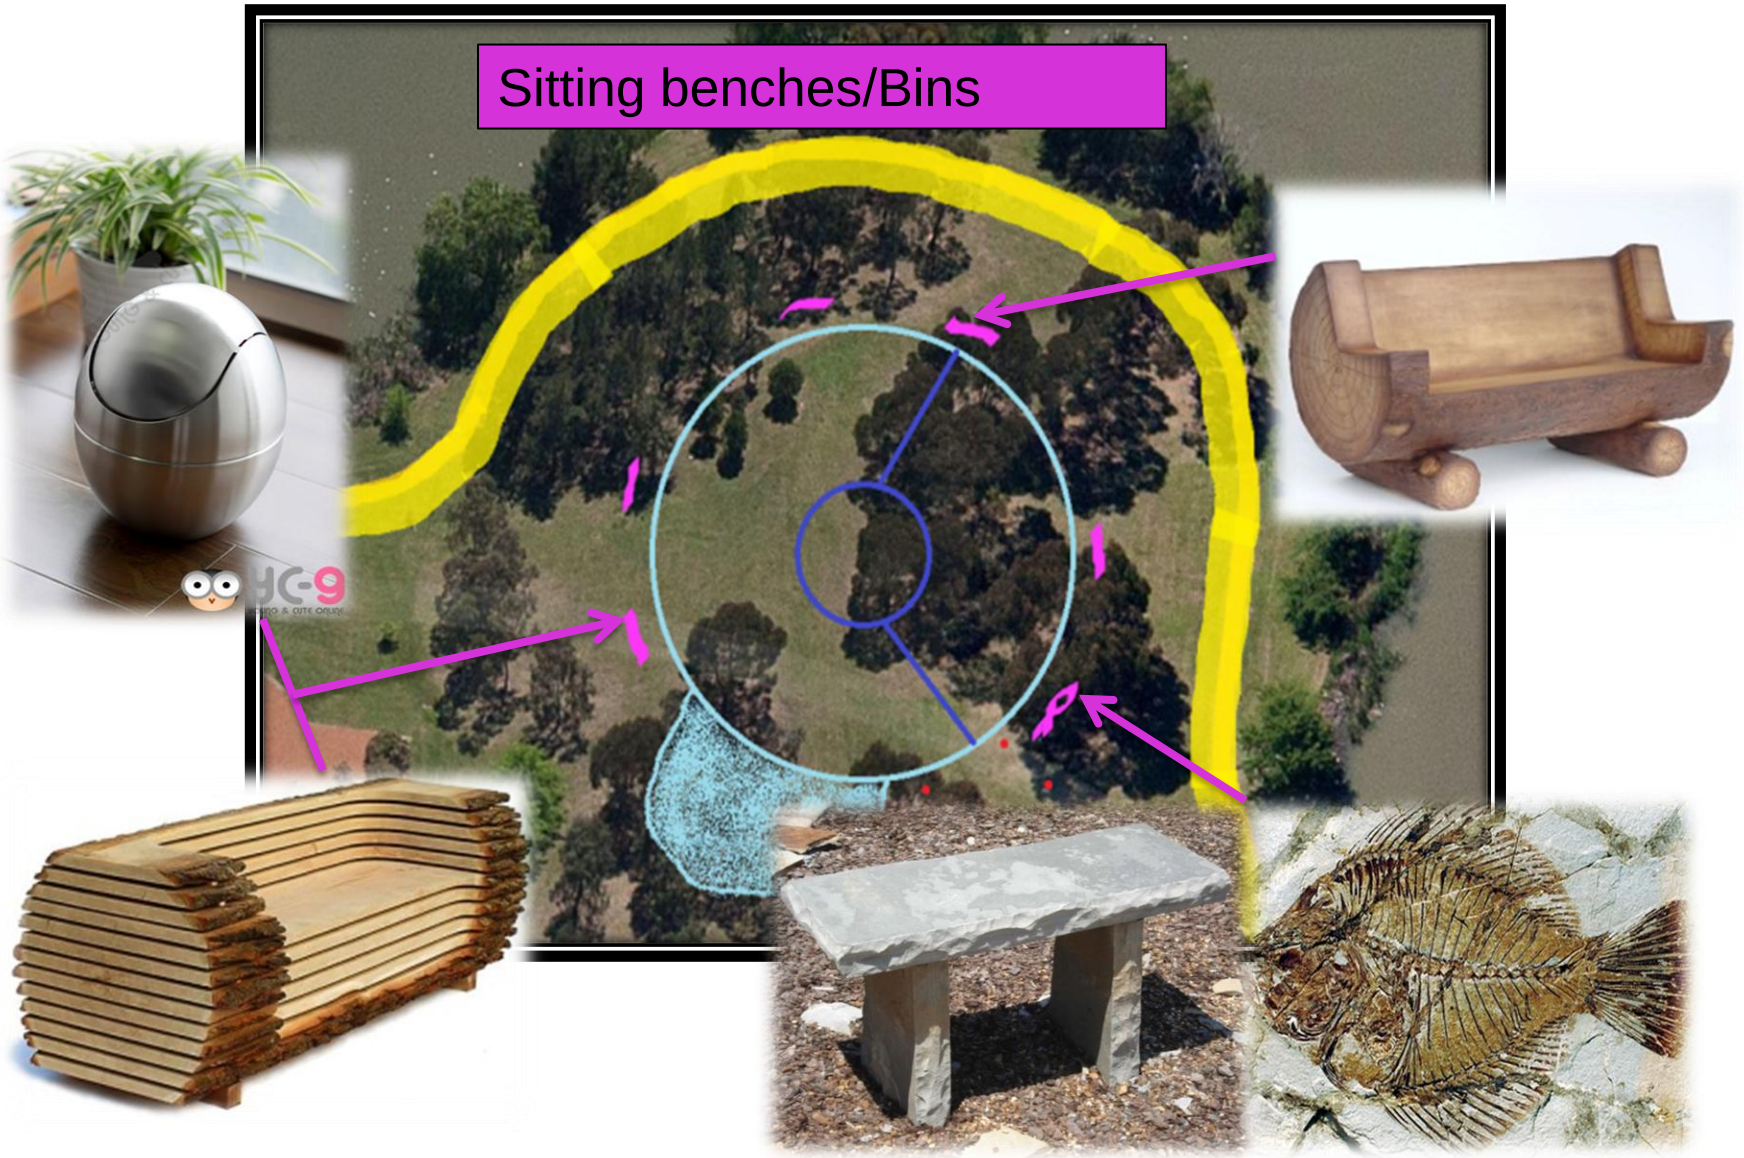
Prehistory and Indigenous Habitation



Prehistory and Indigenous Habitation

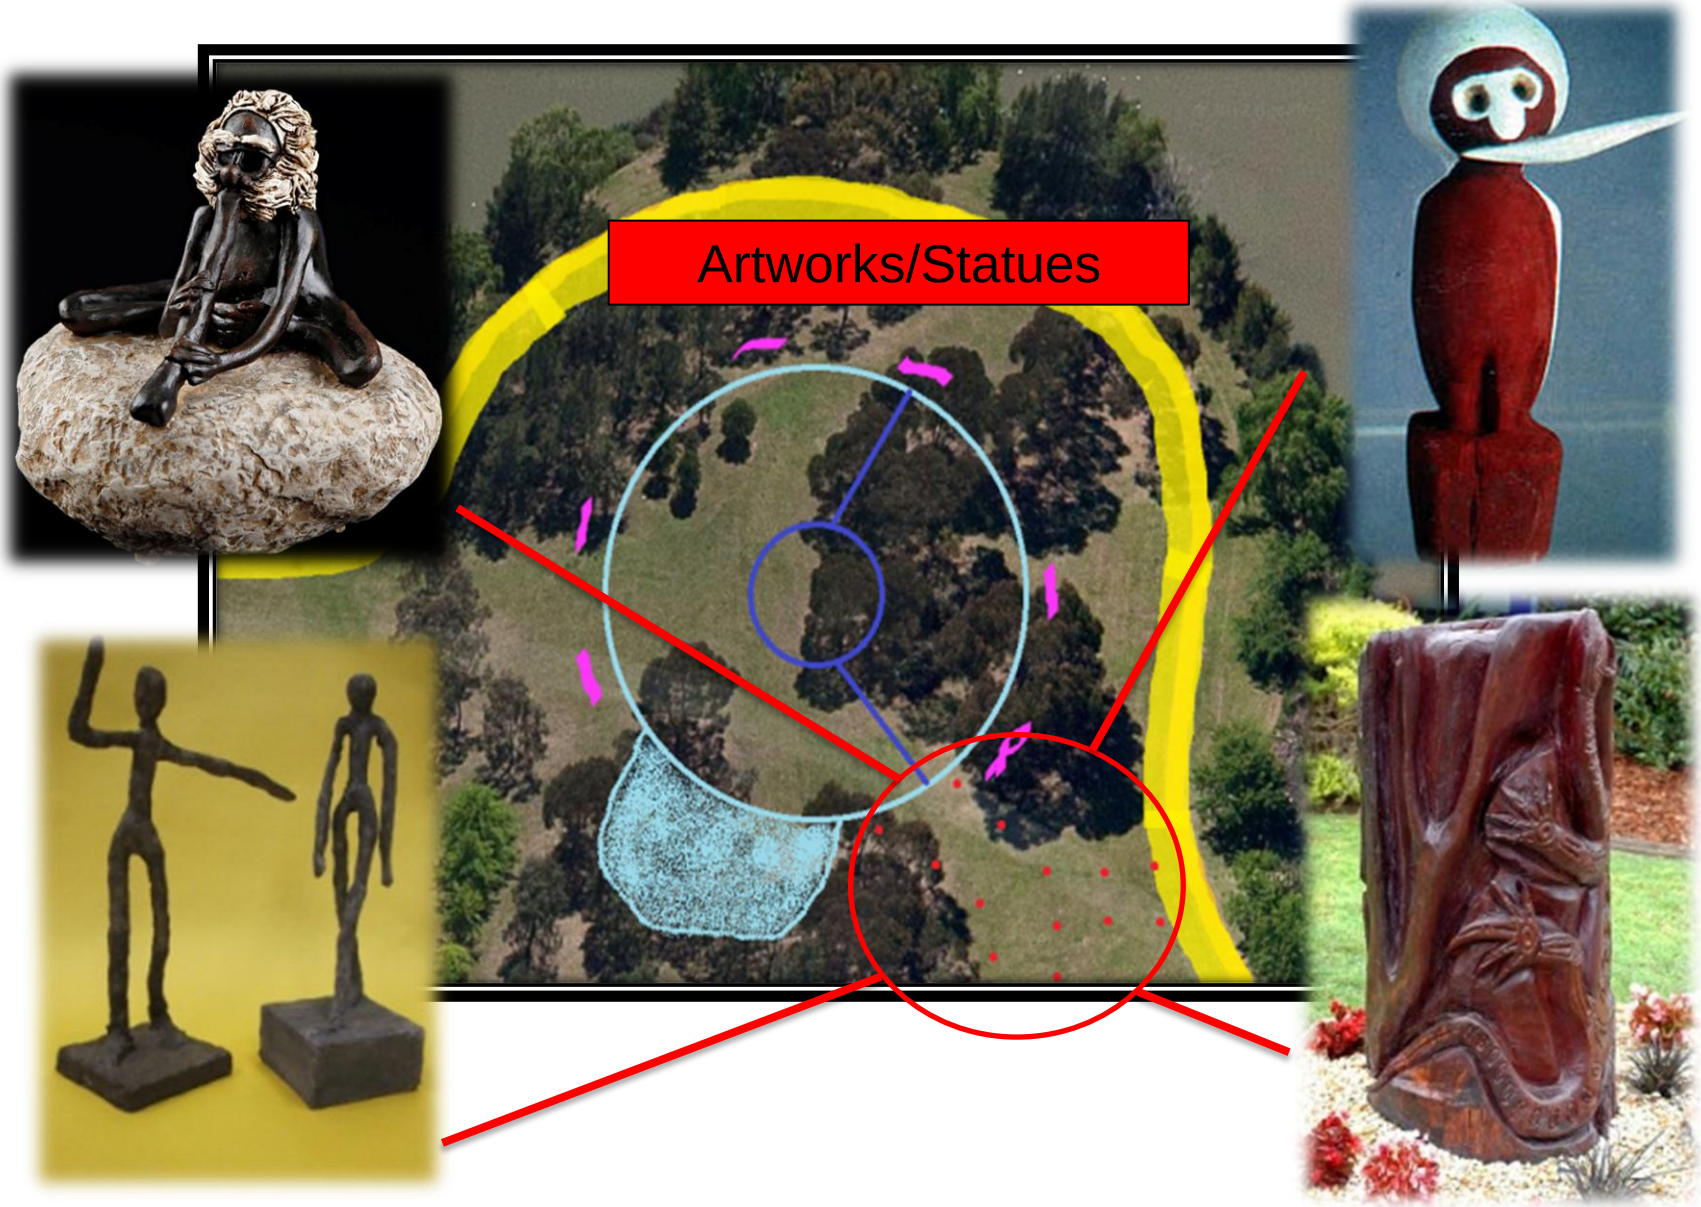


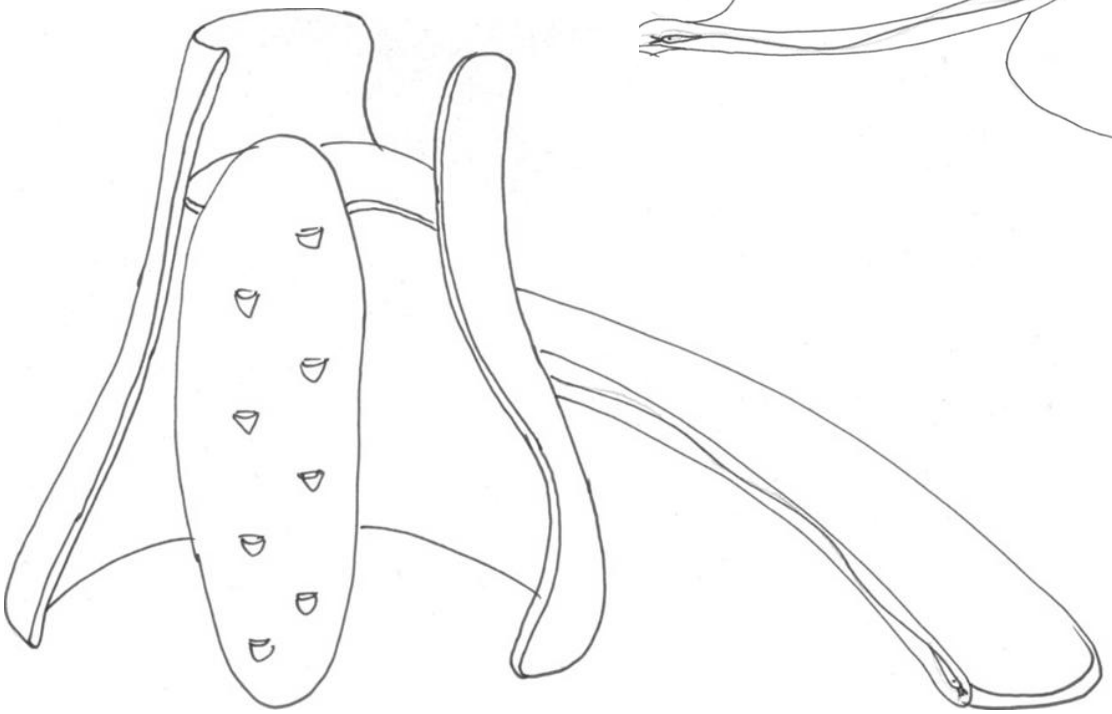
Prehistory and Indigenous habitation

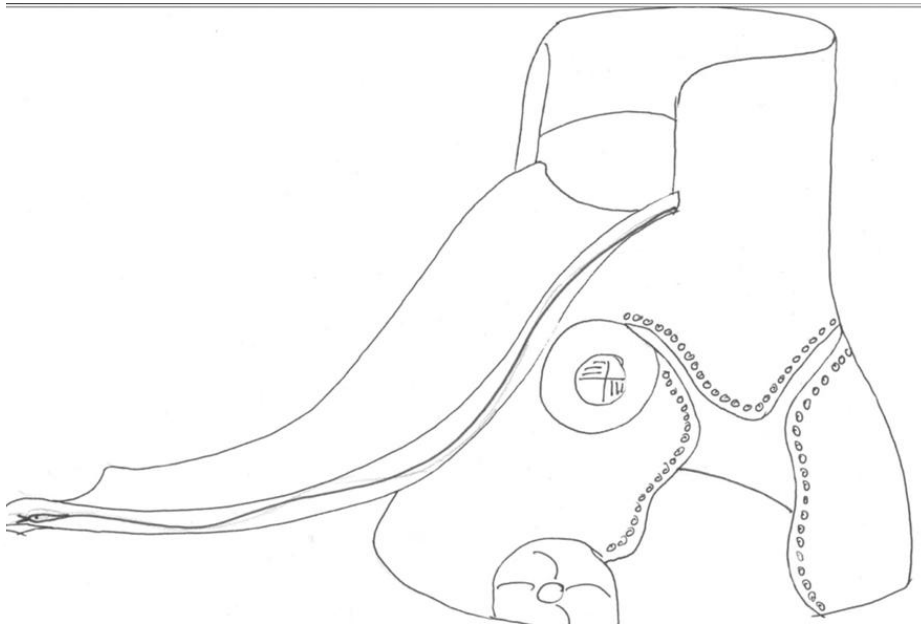


Prehistory and Indigenous Habitation

Prehistory and Indigenous Habitation







Colonial Years

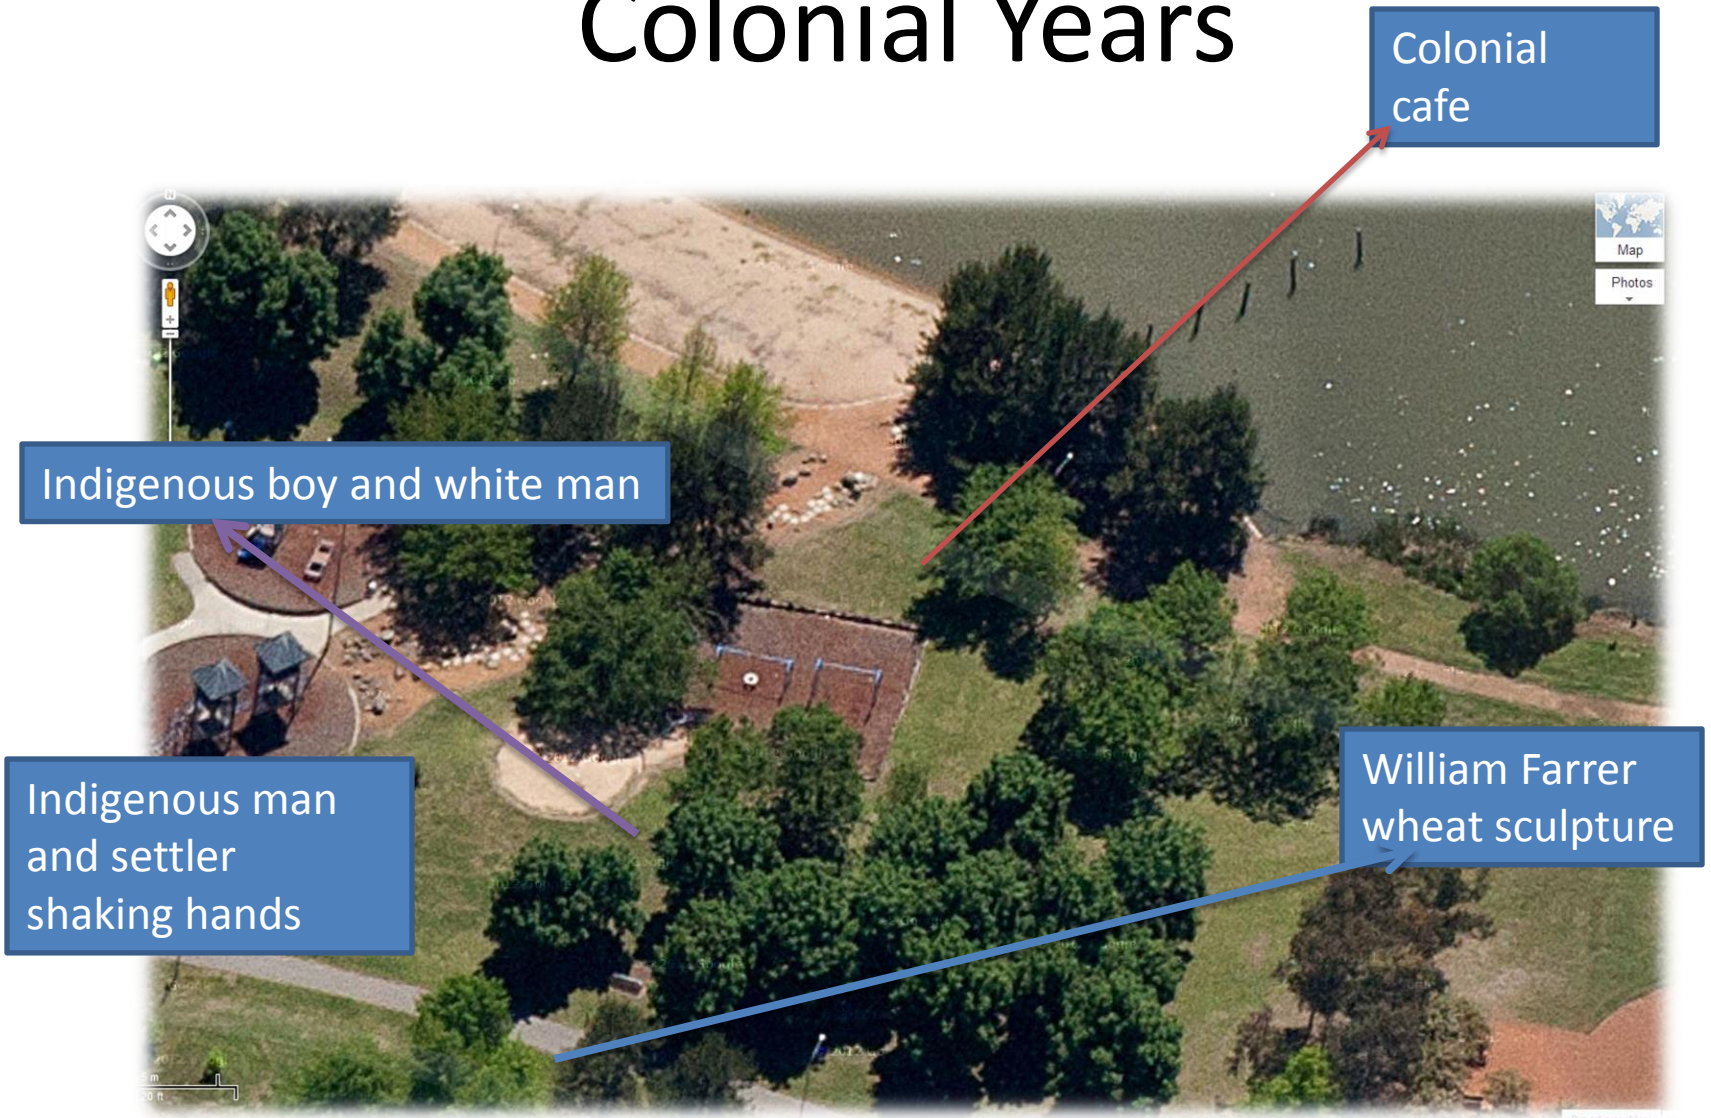
Colonial Years

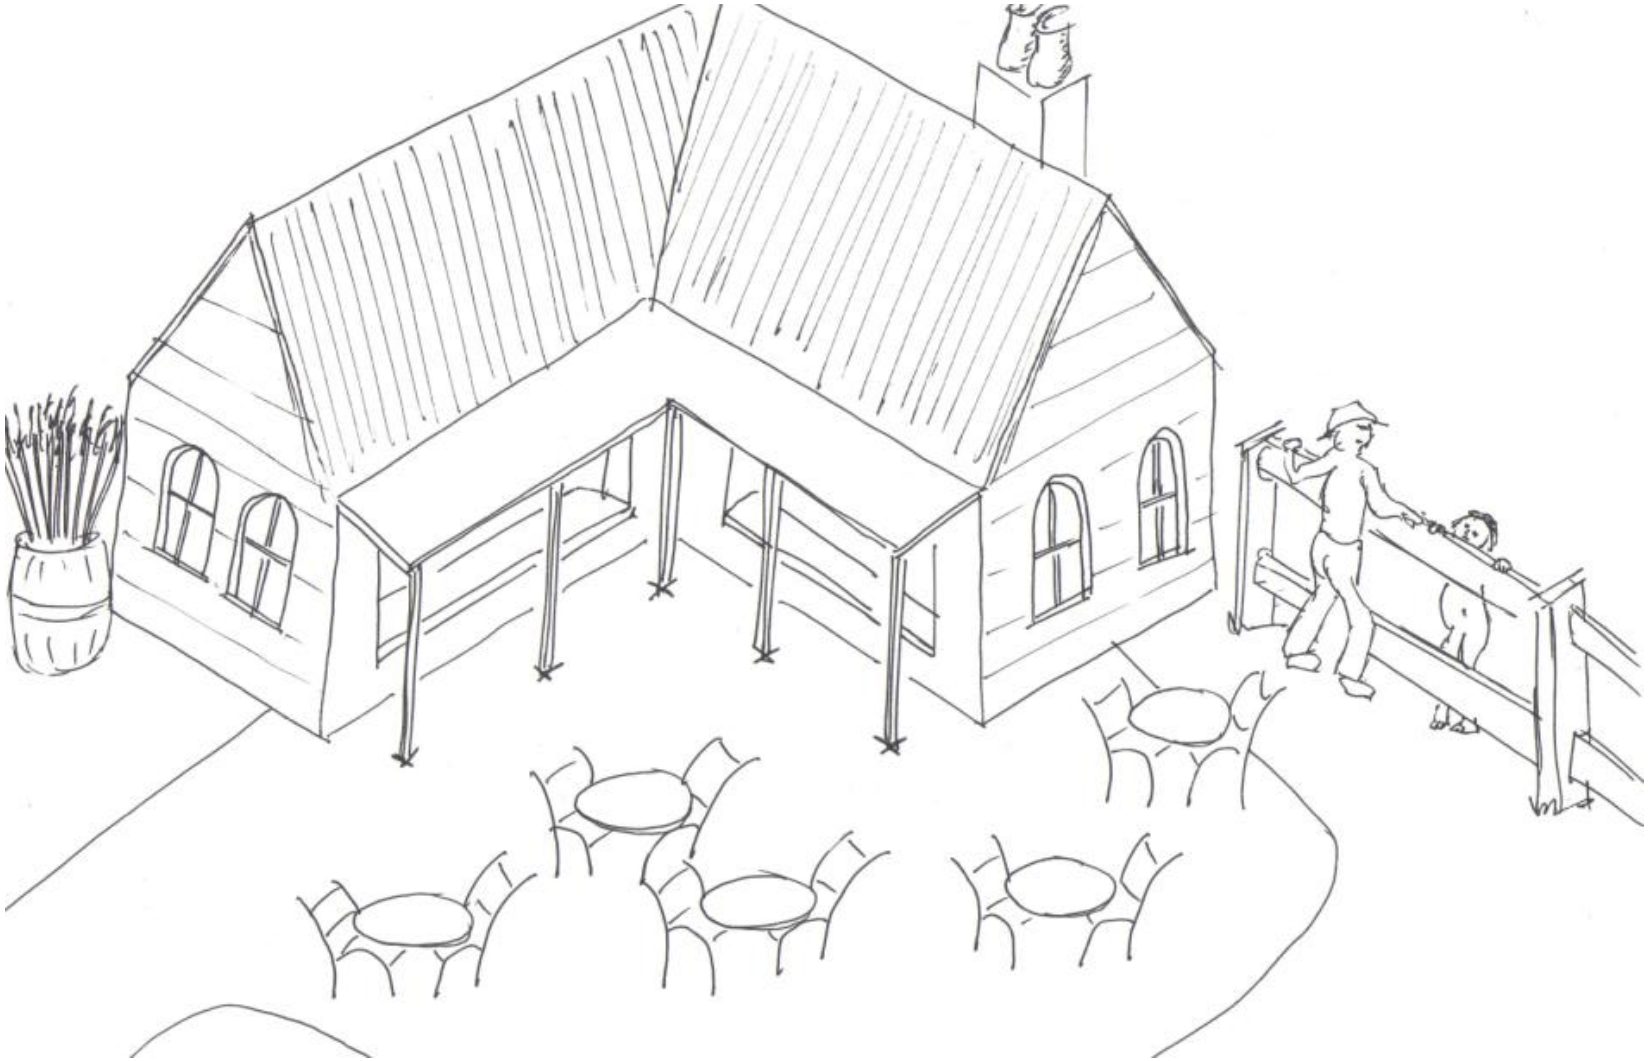
- Space adjacent to park and beach.
- Minimal area for community to converse and socialize.
- Slight vegetation with open spaces.
- Proposed cafe
- History of the colonial years
- Indigenous and settler

Colonial Years

- Indigenous people and settler corporation
- William Farrer and his contribution to agriculture
- Cafe resembles building from Tuggeranong homestead
- Adjacent beach
- Perfect socializing space
- Wi-Fi access

Colonial Years



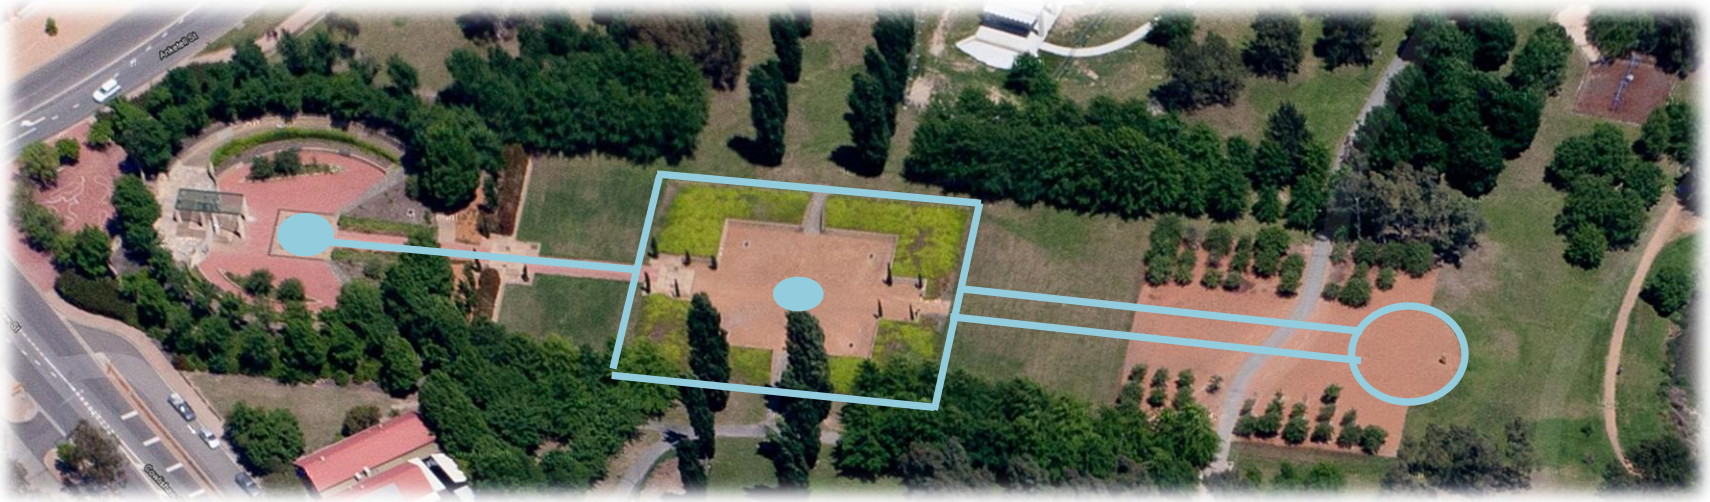


Global Conflicts

Global Conflicts

- Large central area separated into three main spaces
- Formal entrance
- Central square
- Memorial space

Global Conflicts



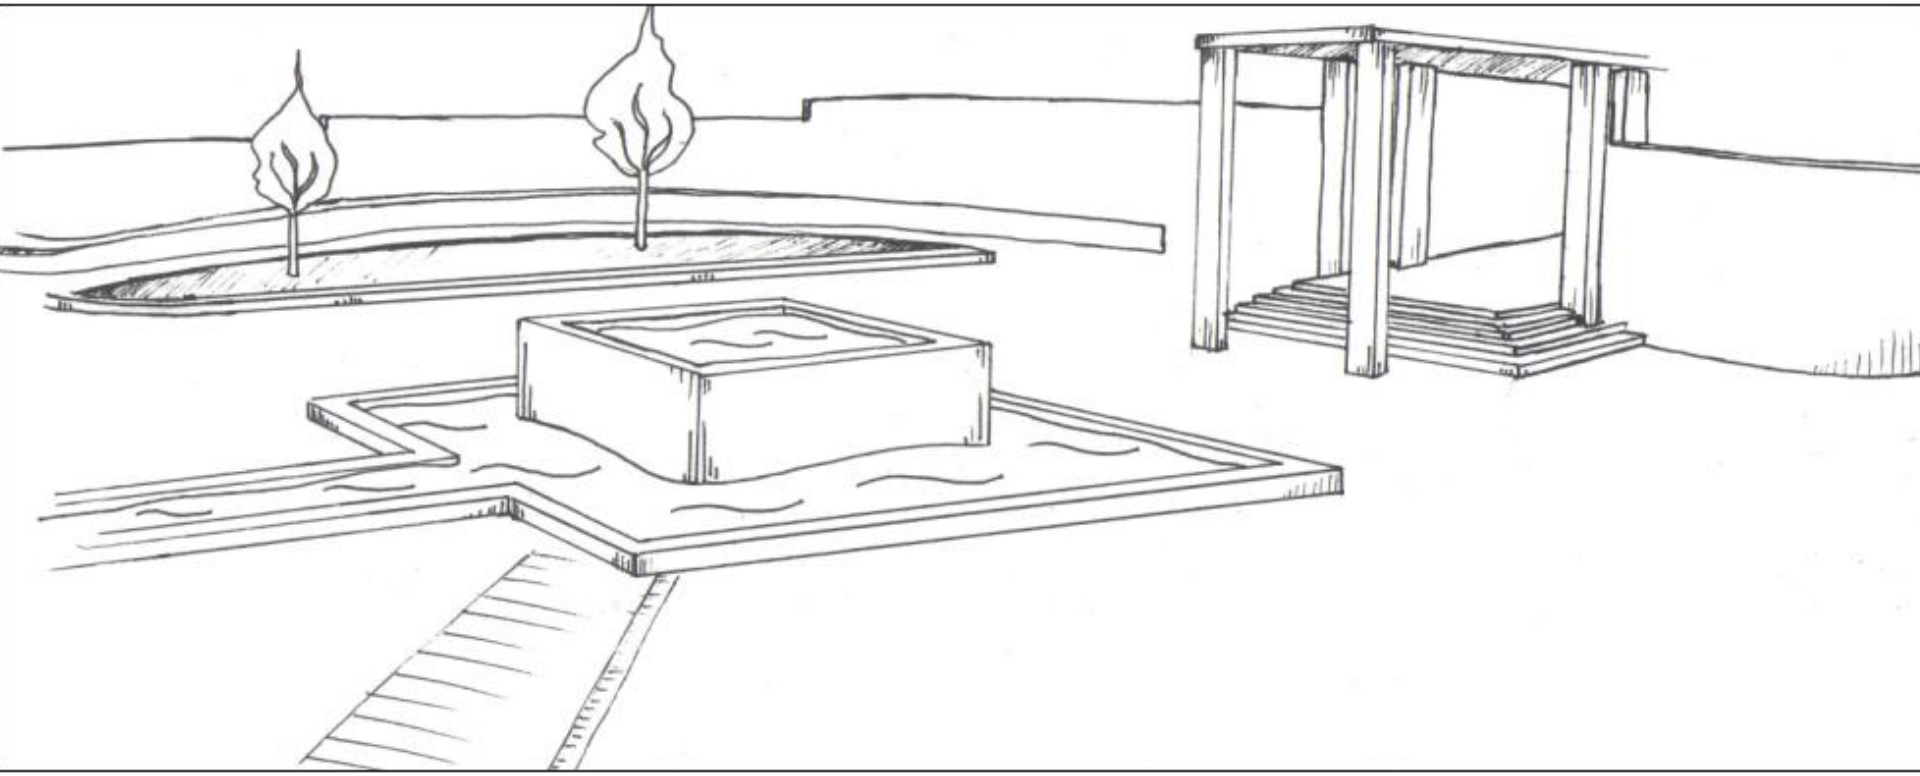
- Water feature is the main focus, spanning over the whole area

- Replant gardens within the formal entrance with non-native plants
Introduce seating

Global Conflicts

- Pave central square
- Central fountain
- Seating in corners
- Now a multipurpose area

- Retrofit or completely redesign the current war memorial
- Statues either side of memorial
- Water feature continues down to the extended beach



Immigration Years

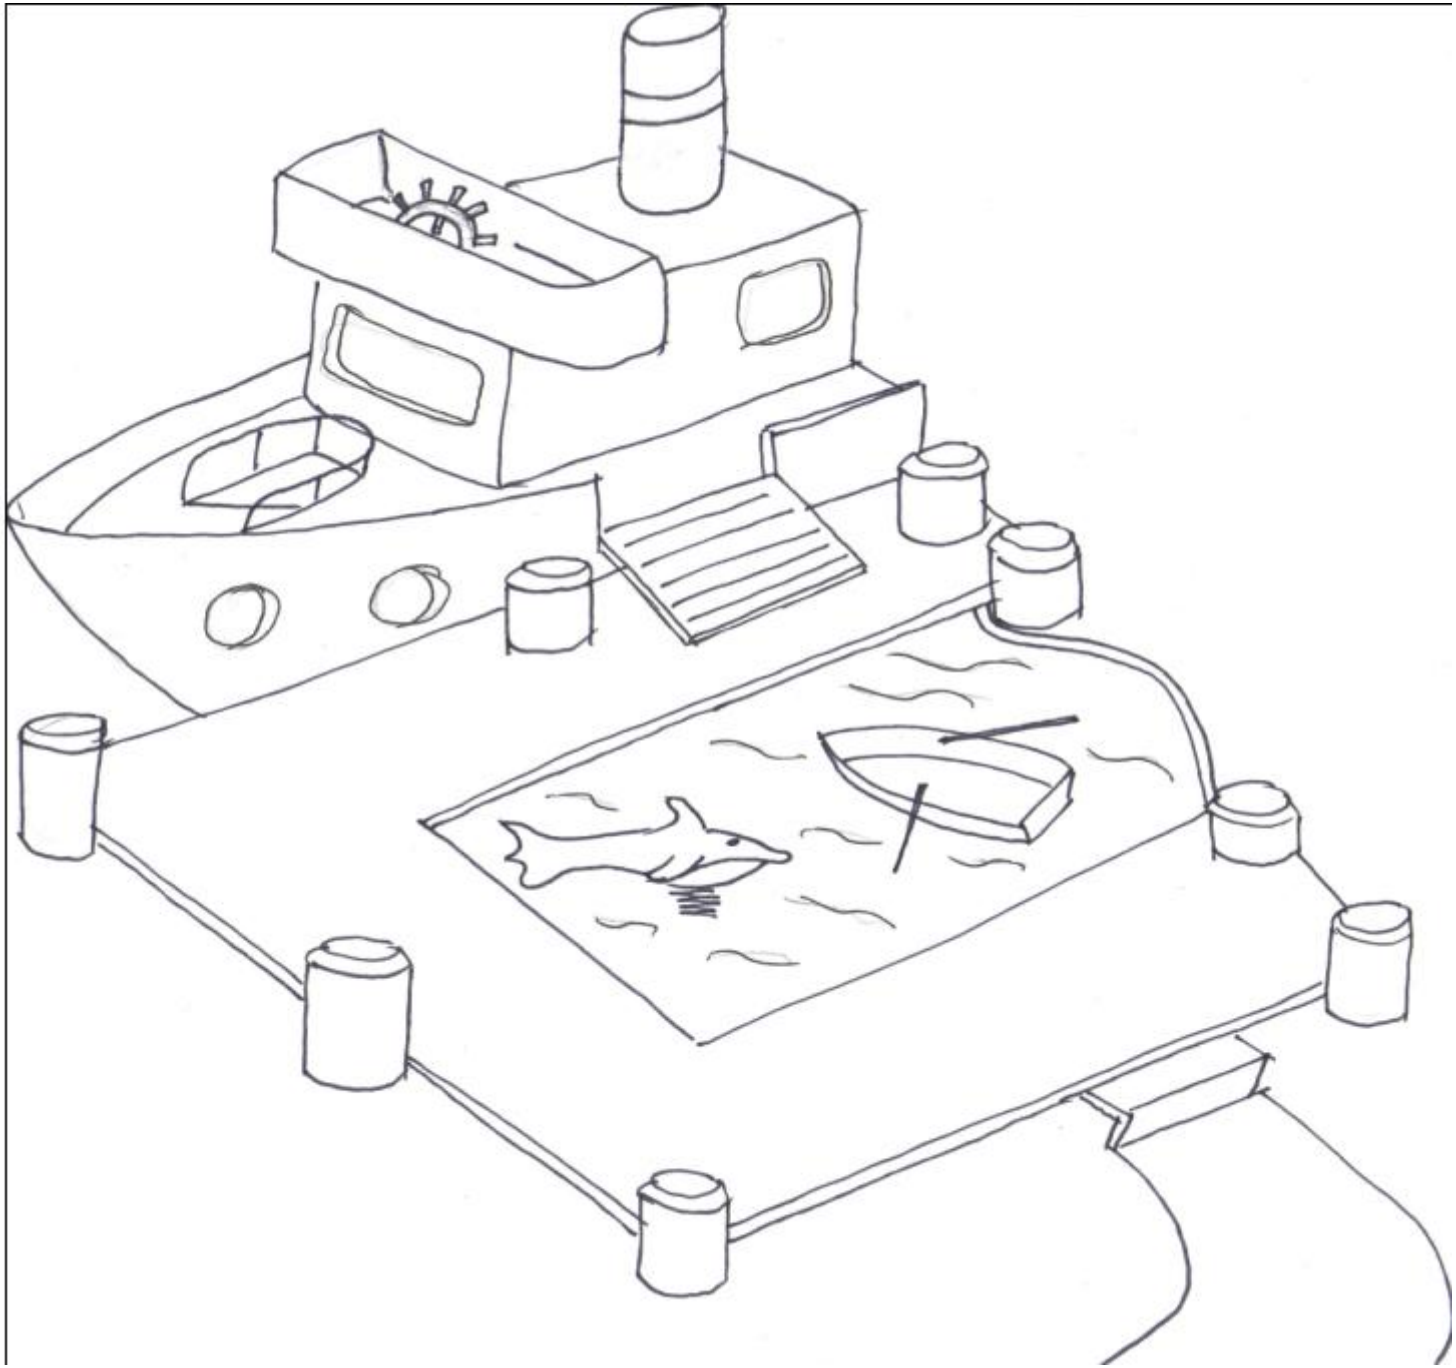
Immigration Years

- The proposed name for the new play area will be Immigration Years.
- Some hazards have been identified with the existing play area.

Immigration Years

- This design of the new playground was inspired by idea of the immigration years.
  - This design represents the idea of people from different nations migrating to Australia in the 1950/60.
- New playground will be designed as a dock with a ship that will act as a playground for children.
  - A sandpit area with spring animals & a small row boat

← The aim is to get the design similar to this, but with a passenger ship.



Multiculturalism

Multiculturalism

Performing Space & Open Area

Existing Area

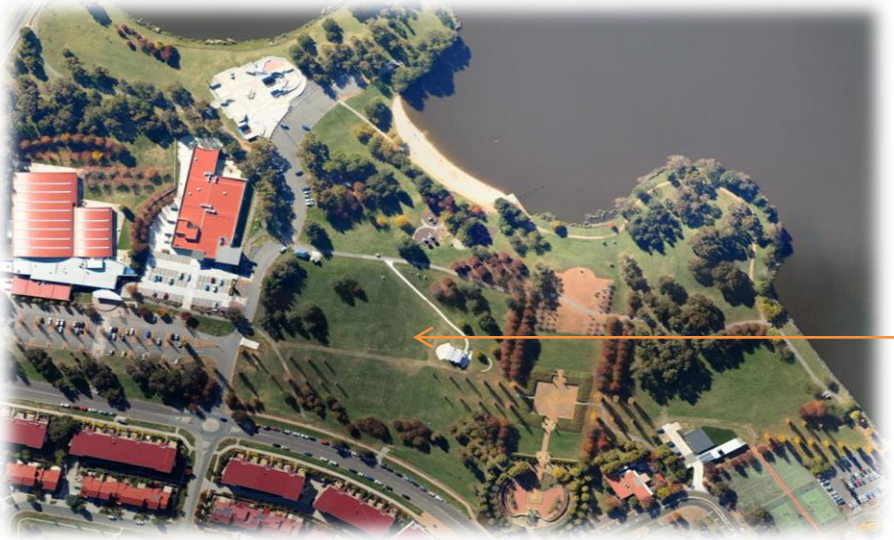
- Open
- Socialisation
- Outdoor Games

Already adequately serving needs of park patrons

Lack of use - Performance Stage

Chance for Multiculturalism Information

Learning opportunity for park patrons



Multiculturalism

Performing Space & Open Area

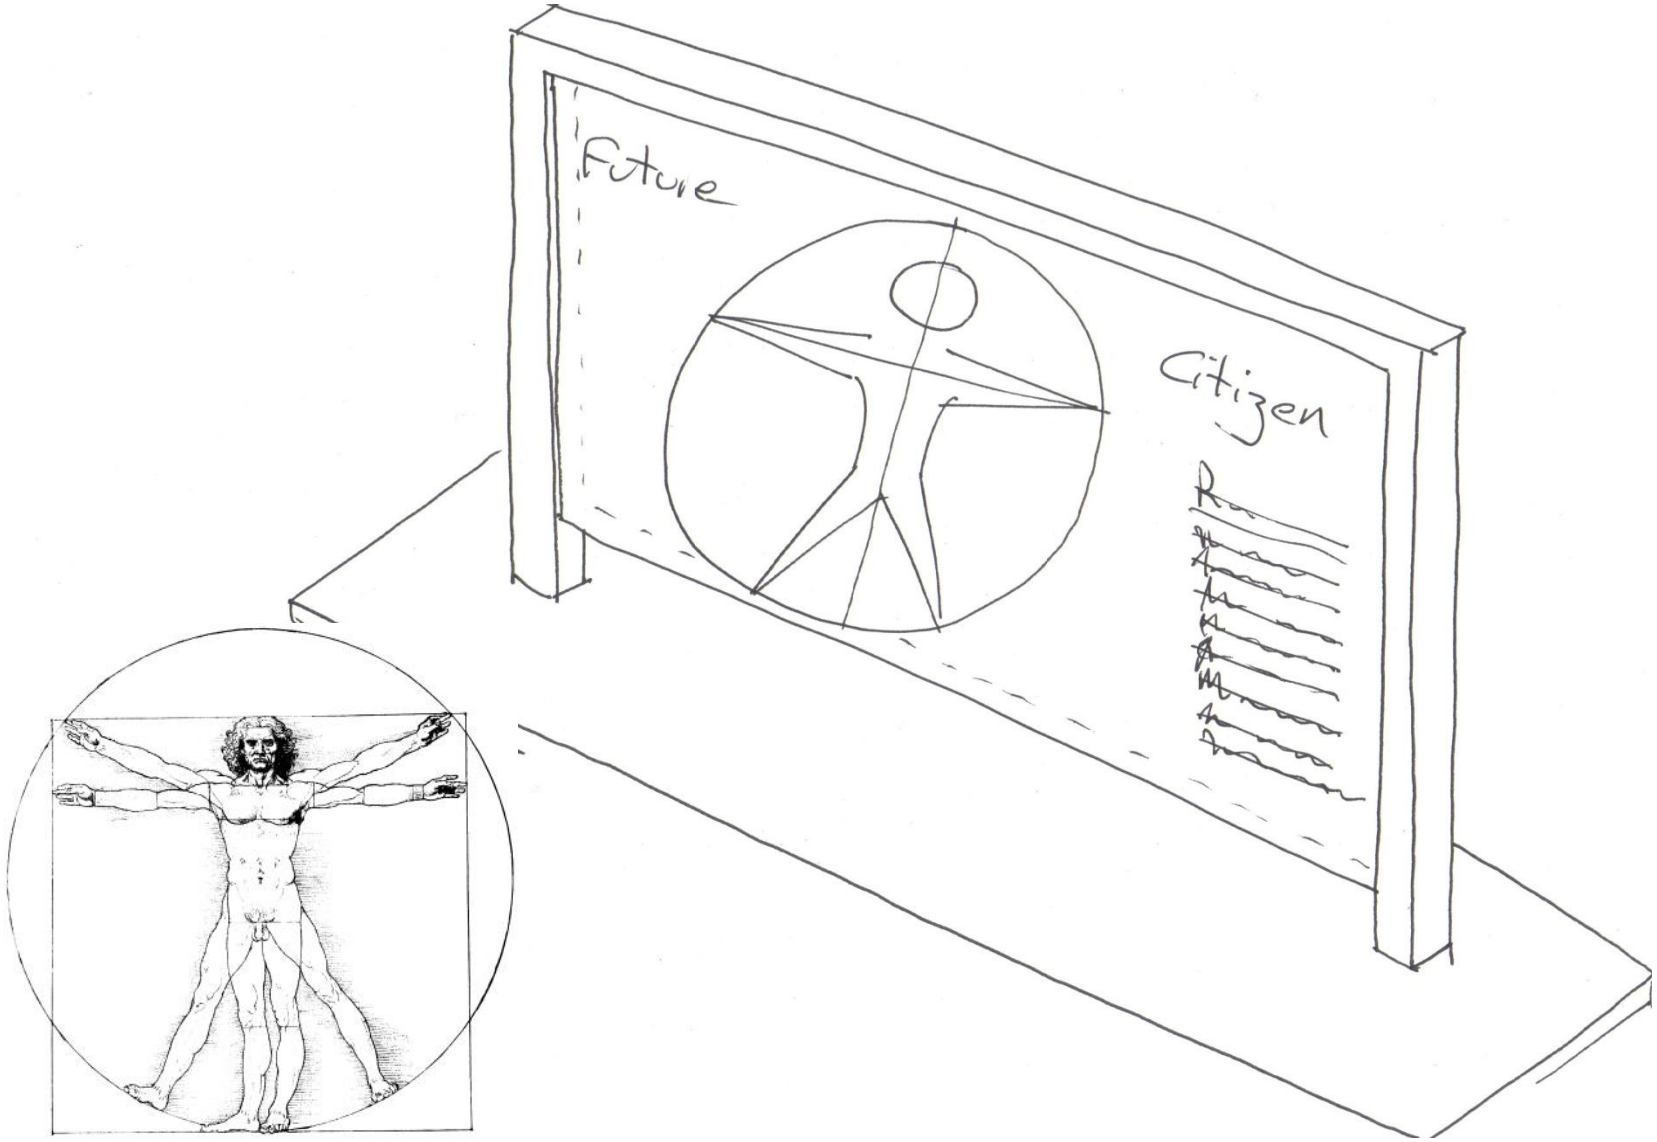
Initial Ideas

- Gateway → Location Issue
- Singular Hand → Misrepresentation Or Complexity Issue
- Multiple Hands → Final solution Correctly Represented Openly Located

Future Citizen

Future Citizen

- Extension of the theme for the park into the future
- Connection between Icon of human perfection into the technological era
- Consideration of existing technology that augments the human body
- Explanation of included technologies



Future
Citizen
