

Tuggeranong Community Council

25 Sept 12,

By President Nick Tsoulous

OUR new TCC has already started working on a wide range of projects from day one, including supporting a motion for a Tuggeranong Homestead and residents push for a Calwell Group Centre masterplan which is well overdue for South East Tuggeranong.

While it is good news that our populations' speed of demise may have bottomed out, we still have a long way to go before the trend in our population is on the increase again and new families establish themselves in our Valley.

I'd also like to do some thanking on

behalf of the Tuggeranong Community Council to the ACT government, the Canberra Liberals and the ACT Greens for all the support given to our Tuggeranong Valley in the course of the last four year term of the 2008 ACT Legislative Assembly.

Our members in Brindabella include

John Hargreaves, Steve Doszpot, Amanda Bresnan, Joy Burch and last but not least Brendan Smyth. Thankyou to all of you.

The Tuggeranong Community Council will hold a special forum on population statistics with guest speakers Australian Bureau of Statistics and Mr Jamie Almit

from the ACT government to update us on the Tuggeranong Masterplan, at our next Tuggeranong Community Council meeting, on Tuesday, October 2, at 7.30pm. The location is Tuggeranong Southern Cross Club and all residents are welcomed to attend. For more information please go to the website www.tuggcc.com
