

## Tuggeranong Community Council

# Improved transport and services on the agenda

By President Daryl Johnston

THE TCC will continue to play an active role in the Tuggeranong community in 2012 lobbying for improved services, better transport links, a cleaner environment and proper planning and development.

At no other time is this more important as this year is an election year. I expect the TCC will be in the thick of the election campaign ensuring all candidates and parties clearly spell out their policies and are responsive to the needs and aspirations of

Tuggeranong residents.

In the meantime the TCC is finalising its response to the Draft ACT Planning Strategy. This is an important document that the TCC considers is the foundation for future planning in the Territory over the next generation. The TCC was successful in securing more time for community comment so that it and other interested parties could provide considered responses. The TCC is also preparing feedback to the ACT Government after its call for expenditure items to be considered in

the Budget. If you have any comments on the Draft ACT Planning Strategy or suggested projects for consideration in the ACT Budget please email them to the TCC at [president@tuggcc.com](mailto:president@tuggcc.com)

If you are interested in working for the betterment of your community you are welcome to join the TCC as it kicks off 2012 with its first meeting on Tuesday, February 7.

The meeting will commence at 7.30pm in the upstairs dining room of the Tuggeranong Southern Cross Club at Greenway.
