

MEDIA STATEMENT

Tralee Development

The Tuggeranong Community Council (TCC) will closely monitor the development of Tralee.

The TCC will strongly oppose any attempts by the new residents of Tralee to relocate flight paths over the Tuggeranong Valley.

Based on legal advice the TCC obtained earlier this year, the TCC will support any individual residents or resident groups who wish to take legal action if they find their lives, health and property values are negatively impacted if flight paths are relocated over Tuggeranong in the future.
