

MEDIA STATEMENT

TCC welcome new DSS office block in Tuggeranong

The Tuggeranong Community Council welcomes the Department of Social Security (DSS) plans to build a new office block in Tuggeranong.

Apart from the jobs it will create during construction, it will mean a large number of public servants will remain in Tuggeranong which is a huge relief for the many businesses in the Town Centre that depend on their patronage.

The Council calls on our Federal politicians to support the DSS submission to the Parliamentary Works Committee so that the project can proceed as proposed.
