Federal Budget

The Tuggeranong Community Council (TCC) welcomes the Federal Budget allocation of $26.8 million towards new public service offices in the Tuggeranong Town Centre.

The Council and many Tuggeranong business owners had expressed concerns over suggestions the Department of Social Services would move out of Tuggeranong.

This would have had a serious impact on trade in an already struggling Tuggeranong Town Centre.

The Council, led by President, Eric Traise, made representations to the Department and local politicians over several months an in an effort to keep the Department in Tuggeranong.

We welcome this outcome.
