

Dear Resident,

Invitation to attend an Information Session – Greenway site

The ACT Government is undertaking engagement activities for a number of Territory Plan Variations that support the Government's land release programs and the revitalisation of the public housing portfolio.

The individual variations are being coordinated in an Omnibus variation to streamline the Territory Plan Variation process.

To provide an opportunity to understand the existing site and potential future developments as a result of the proposed change to the Territory Plan, find out more information, ask questions and provide feedback, our Directorate is holding a community drop-in information session.

We would like to hear from you about **Block 2 Section 28 Greenway** (a map of this site can be found overleaf).

- Existing use: Commercial CZ2 (Leisure and Accommodation)
- Proposed Territory Plan Variation (TPV): Community Facility/Residential RZ4

Community drop-in session: (No RSVP required)

5:30pm-7:00pm

Tuesday 26 August 2014

Centauri Room, Tuggeranong Southern Cross Club

Cnr of Scollay and Pitman Streets, Tuggeranong

Planning studies for this site have commenced and early input from the community precedes the formal consultation that will occur as part of the usual Territory Plan amendment process to be undertaken by the Planning Authority (the Environment and Planning Directorate).

Comments are welcome on the proposed variations until 5 September 2014 addressed to Economic Development Community Engagement via the email or postal address below.

For further information call 6205 0600 or visit our website at www.economicdevelopment.act.gov.au.

Yours sincerely

Kylie Forrest

Manager, Community Engagement

Chief Minister, Treasury and Economic Development Directorate

12 August 2014

Block 2 Section 28 Greenway
